British Science Week!

We are already proud of the promising scientific minds which we have at South Borough School, so a whole week with science as a theme was music to our ears!

Our Science Leader, Mr Knell, demonstrated some of the experiments from the Key Stage 2 scheme of work to our younger and our more senior year groups. He also sent around several scientific puzzles for classes to complete to round off a successful week!

Clearly, the children at South Borough are budding scientists – the discussion in assembly ranged from ‘Safe Science’ to different colour flames – with an enthusiasm that would have made Marie Curie and Charles Darwin proud!

Year 5 Invicta Grammar School football tournament!

On Wednesday 8th March, Year 5 took a team of their finest footballers to the annual Invicta Grammar School Year 5 tournament. It was a very high standard of play and all of the children there had lots of fun!

The South Borough team more than held their own, winning two matches, drawing two matches and narrowly losing two matches to complete the set! It should be noted that our very own Aleksander Zon won ‘Player of the Tournament’ for his resolute and effective defending!

Well done, Alek!

Year 5 & 6 Science Lessons!

Over this two week period, Years 5 and 6 have combined to investigate the affect which different ingredient ratios have on the strength of concrete! This was a messy, fun and very technical learning curve for our young scientists, delving into the topic of chemical structure and irreversible changes.
