South Borough Primary School

Summary of Sports Premium Grant Spending 2017/18

P.E. Coordinator: Holly Ballard

Date: September 2017 – August 2018

The action plan aims to increase participation in PE and sport through a wide range of quality provision that will enable pupils to develop a healthy lifestyle and participate in a range of competitive sports to fulfil their potential.

South Borough Primary School curriculum rationale:

- Encourage all children to become independent learners and thinkers through increased and varied sporting experience.
- Provide motivating and intriguing contexts for learning, particularly in KS1 (e.g. a trip to explore an imaginary jungle, with accompanying music, whilst the children develop their movement skills.)
- Contribute to the drive to raise standards across the curriculum.
- Enable us to track the progress of children and plan for their future learning.
- Meet statutory requirements of the National Curriculum for P.E.

Rationale for PE in our School:

“PE develops the children’s knowledge, skills and understanding, so that they can participate with increasing confidence in a range of competitive and non-competitive physical activities. PE promotes an understanding in children of their bodies in action. It involves thinking, selecting and applying skills as well as promoting positive attitudes towards a healthy lifestyle. Thus, we enable our children to make informed choices about the physical activities that are needed throughout their lives.”

Sports Premium Planning outline 2017-2018

“We aim to provide quality physical activity opportunities both within and outside curriculum time which: consider the needs and interests of all pupils; promote positive attitudes towards participation in physical activity; enable pupils to develop a full range of basic movement skills; increase pupils’ knowledge and understanding of the importance of physical activity; provide safe and stimulating areas in which children can play and be active.”
