

Dear Miss Ballard, + Co,

I am writing this letter to ask for some more clubs to ~~fit~~ fit into Thursday

Afterschool clubs are real gun, Some more gun than others! but

Some parents (who are at work later on a Thursday) need a place to keep their children. * Maybe an afterschool club!

But, what if it was a boy, who didn't really want to go to a dance club (and have his mom pay £4) but would rather go to a... Board games club! or a... Computing club!

And I'm not ~~shu~~ sure any parent would want to spend £8 per week on to have people ^(in after care) hold onto him for only about 1 hour. And this is why im, ~~was~~ writing to you, hopefully after this letter, I'll persuade you to do the ~~tr~~ right thing.

Benefits:

In my opinion, this will benefit several people including my best friend Oscar.

Oscar loves board games, but also drama and he can't afford to quit, so with clubs on a Thursday (such as board games) he can do both! well he'd be able to but only if you make more Thursday evening clubs happen!

This will also benefit me as I am a fan of chess and chess matches do take a while, even longer than an entire session! So, with clubs on a Thursday, I can continue!

So, please ADD MORE THURSDAY clubs!

yours sincerely
