

Dear Parents/ Carers,

Welcome to Term 2! Last term the children produced some great work and we hope this will continue.

This term the children will be looking at a range of different exciting topics such as Winnie the Witch, Bonfire Night, Gaming and Christmas.

Winnie the Witch

To begin the term we will be looking at the book 'Happy Birthday Winnie the Witch'. The children will take part in a party and then write letters thanking Winnie.

Bonfire Night

Next, we will be looking at the history behind bonfire night and why it happens on a specific day. To help us understand we will have a bonfire on the field which will help to inspire us to write a poem. Watch this space for some cool pictures.

Gaming - a virtual reality!

For three weeks, our topic will be 'Gaming'. We will talk about our favourite toys and we will be lucky enough to have a visit from Games on Wheels which is a converted bus with flat screen TVs and the latest games consoles. We will then be writing about our experience.

In Maths, we are learning about multiplication and division and will then move on to graphs.

Christmas!

Our final topic of the term will be Christmas. We will look at the original Christmas story and use maths skills to bake a traditional Christmas recipe.

We have already started to learn some Christmas songs ready for our Christingle Service.

Reminders

Please remember to send your child in with a water bottle every day.

Please note that PE has changed to a Tuesday for both classes.

Many thanks,

Miss Walter and Miss Ballard
