All the term's work relates to the National Curriculum. The work planned is described in general terms in this curriculum information letter. The teachers' own plans set out in detail all the knowledge and skills to be taught for each subject. If you wish to know more about this please feel free to meet with the class teacher to discuss.

Ways to support your child's learning this term.

When parents, relatives and friends are interested in the work of the class, the children become more interested in their learning. This term we would particularly like your help with the following:

- Spellings and joined handwriting are both key skills to achieving expected attainment in year 6; please support your child to practice their handwriting and spellings regularly.
- Confident reading is also crucial to children feeling more relaxed when they sit the SATs at the end of the year, so please ensure that they read regularly for at least 20 minutes, 5 times a week.

Please ask if you have any difficulties supporting your child with any of the tasks set, so that we can provide alternative ideas, advice or computer time where necessary.
