

# SOUTH BOROUGH PRIMARY SCHOOL

## EYFS Learning Flyer - Term 6

This Learning Flyer shows what your child will be learning this term.

### Phonics - Literacy

We'll be diving into captivating animal stories, poems, and songs. As we approach the end of the year we're also encouraging children to write sentences about animals independently, and share what they've read from non-fiction books.

**How can you help?** [Write a sentence about the animals you can see in the video!](#)

### Walk and Talk - National Literacy Trust

Use these cards to help you talk to your child while you are out and about. This will help develop their speech and communication skills.

Click on the image above to view

### Maths

Reception's next block of learning is to visualise, build and map. We will be looking at repeating patterns and creating our own. We will look at visualising and describing positions. We will explore maps and create our own maps of familiar places and from stories.

**How can you help?**

[Mathletics](#)

### Understanding the World

We will look at the similarities and differences between animals and their habits. We will also explore the natural world around us and make observations.

**How can you help?**  
[Let's go to the woods](#)  
[Game: Where do these animals live?](#)

### Personal, Social and Emotional Development

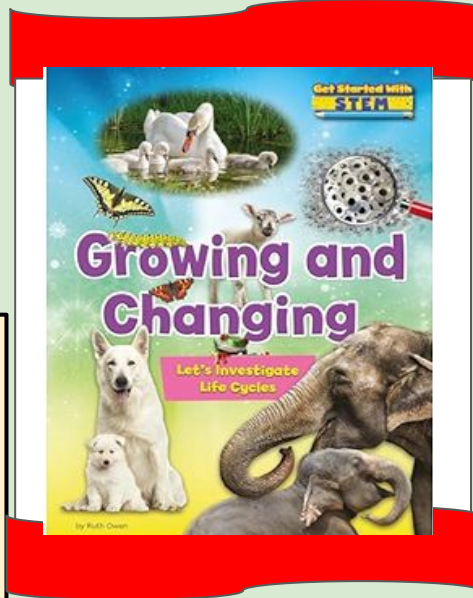

As we delve into the exciting world of animals, we'll also be focusing on developing important social and emotional skills from exploring different animal and human emotions through role play, to learning about different animal habitats and their amazing adaptations! We'll celebrate the diversity of the animal kingdom, extending this to our own classroom, where we'll nurture a positive and inclusive environment that encourages each child to feel confident and valued.

**How can you help?** [Zones of Regulation](#)

### Communication and Language

Using our core books, we will make comments about what we have heard and will practise asking questions to clarify our understanding. We will also express our ideas and feelings about experiences using full sentences.

**How can you help?**  
[Discuss animal facts with your children](#)

### RE Day - What is special about our world?

This term we will be thinking about what is special about our world, looking at non-religious views and comparing beliefs we learnt about.

### Expressive Arts and Design

We will create animal artwork based on different parts of the life cycle and will design different animal habitats. We will make props to act out stories such as Monkey Puzzle and The Very Hungry Caterpillar. We will sing and dance to animal songs such as 'Down in the Jungle' and '5 Little Monkeys'.

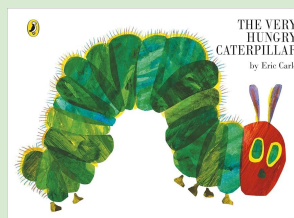

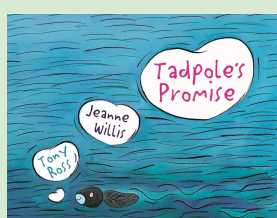

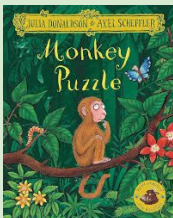

[Can you learn the words to this animal song?](#)

### Physical Development

Reception will continue to take their P.E lessons with Coach Robbie, but in the classroom we'll be focusing on improving our gross motor skills through mimicking animal movements; stomping like elephants, slithering like snakes, or waddling like penguins! These activities help develop coordination, balance, and control over large muscle movements, also building stamina and overall fitness.

**How can you help?** [Animal dance!](#)

### Books we will be reading this term:

### Home Learning

Try to read and watch phonics videos and get your reading record signed to have your read counted! Please talk to your child about what they would do if they had a worry at home and school.

### Value of the Term

**Respect**

**We celebrate people's differences.**
