

SOUTH BOROUGH PRIMARY SCHOOL

Year 3 Learning Flyer - Term 3

This Learning Flyer shows what your child will be learning this term.

English

We are going to begin the term by writing a short narrative about the film *Lune et L'Autre*. The children will use a range of adjectives and literary devices to create a powerful description as well as learning to correctly use speech.

This term we are going to continue our focus on spellings, the spelling rules we will be looking at will be shared each week on our Class Dojo. **How can you help?** Please go through these with your child so that they can become familiar with the different spelling patterns.

Maths

This term in maths, we will be continuing with our learning of multiplication as we use formal methods to help us multiply two digit numbers by one digit. Further into the term we will explore division and use place value to help us divide larger numbers. **How can you help?** A quick recall of multiplication will help your child so please continue to support your child in learning their times tables and encourage them to log onto Times Table Rock Stars. Have a look at [this article](#) to understand how the children will learn column multiplication.

Science

This term and next term, our science topic is *Living Things and their Habitats*. The children will understand what makes something living, understand how living things can be categorised and explore micro habitats.

How you can help?

Help your child understand the characteristics of living things by watching [this lesson](#).

History

In history, the children will be learning about Anglo-Saxon England. They will be looking closing at the Anglo-Saxon settlements, their culture including religion.

How can you help?

Understand the arrival of the Anglo-Saxons to England by watching [this video](#).

Physical Education

This term the children will be developing control and movement of their bodies through gymnastics with the sports coaches. With class teachers they will be developing skills and tactics based on basketball and netball.

Geography

In geography we will be learning about countries in Western Europe. We will look at climate and trading as well as differences between European cities and London.

Computing

This term, we will be understanding what an email is and learn how to send an email with an attachment. We will also be ensuring that online safety is forefront of all the children's minds.

Art

We will be learning about actual and visual texture this term. They will use their drawing skills and learn about composition choices. They will also explore applique techniques to create some artwork in the style of Jim Dine.

DT

The children will be creating an information poster about Paris. They will use an electrical circuit to light a bulb to highlight key points on their poster.

Spanish

This term year 3 we will be learning about different fruits and vegetables and how to correctly pronounce these in Spanish. We will also be learning how to read and write these.

Personal, Social, Health and Economic Education (PSHE)

In PSHE this term, our topic will be Dreams and Goals where we will discuss challenges and how we can overcome them to achieve success.

Books we will be reading this term:

Value of the Term

Value of the Term:

Respect/Kindness

We celebrate people's differences.

We think before we speak.
